SALT Group Questions

- Paul describes our salvation as being set free. What did Christ set us free from when we were saved? Use Scripture verses to support your answer.
- Why do you think it would have been tempting for people in Paul’s day to believe circumcision was necessary for salvation?
- Why does Paul speak so strongly against circumcision, even though he willingly circumcised Timothy (Acts 16:1-3)?
- What outward acts might believers be tempted to rely on for salvation in today’s world?
- Paul’s solution is to keep standing firm in our freedom (verse 1). What would that look like for you practically?
- **Memory Verse:** Galatians 5:1
